

TEAM ISSUE™ LEVEL 5

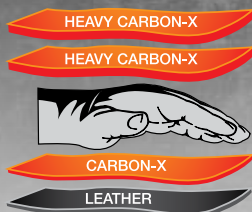

CARBON X

FIRE RETARDANT HAND PROTECTION

The more intense the conditions, the more protection you need. We've integrated two layers of fire retardant Carbon-X into the top and fingertips of the Team Issue™ Carbon-X Level 5 Glove before incorporating a high-density accordion design to shield knuckles against impact. The glove is then held tightly in place with a hook and loop closure. Meets or exceeds SFI 3.3/5 specifications.

FIRE RETARDANT

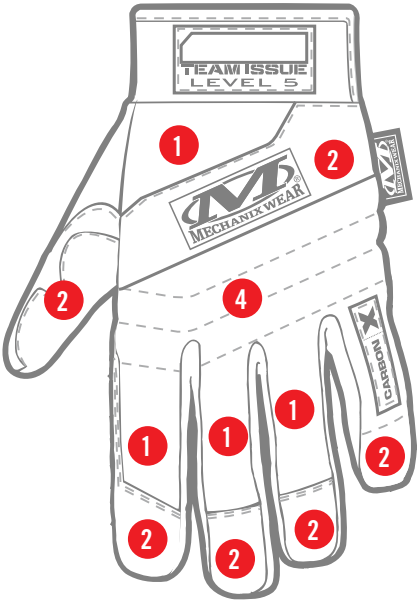

Carbon-X with padded accordion design to protect knuckles.
SFI rating 3.3/5.
